

ONLY CELEBRATION OF JULY 4th WILL BE AT RUGGLES

Great Crowds Will Be Attracted To
Camp Grounds on Saturday By
Celebration of Fourth.

It looks as if it is up to the Old Settlers Association to furnish the only real patriotic celebration in this section of the country, in honor of the Nation's birthday.

For over twenty-five years the Association has held forth regularly at Ruggles Campgrounds every year, and with increased interest, attendance and success. That which had its beginning in a little neighborhood picnic has grown to be the chief celebration in the three counties participating. Many of the leading speakers of this and adjoining states have honored the old settlers with their presence on these annual occasions. It is one great place to spend a safe and sane fourth—this year on the third.

The program this year will be the best of all. Prof. Young has the Boys' Band in the best of trim. And folks are coming for miles to hear them. President Grigsby is arranging for the finest chicken dinner that can be had for the boys. "Col." Fred Bassett with "Magnolia" will arrive in Maysville early Saturday morning and will be at the campgrounds ready to show everybody a good time. Everybody else is going; get ready and go.

WILL ADDRESS MEN'S CLASS.

Dr. George R. Wells, the Sunday afternoon lecturer for the Chautauqua has accepted an invitation from Rev. W. S. Peters to address the Brotherhood Bible Class of the Third Street M. E. Church on that Sunday morning. Dr. Wells is professor of psychology at Ohio Wesleyan University and a most brilliant speaker. The Brotherhood Class is exceedingly fortunate in securing him for an address and they will do their utmost to have out a large attendance.

"ON WITH THE DANCE" IS BIG PICTURE.

"On With the Dance," the big feature picture shown for the first time on Wednesday attracted a very large crowd. The picture was a wonderfully fine one depicting all the strains of society of a big city and its effect on society as a melting pot. The big show is repeated today and those who did not see it Wednesday should seize this opportunity.

WILSON LOSES IN LEAGUE FIGHT; McADOO FAVORITE

President Does Not Receive the Sort
Of League Plank In Platform
He Had Desired.

San Francisco, July 1.—Administration forces of the Resolutions Committee were defeated decisively on the League of Nations plank in a long session which ended early today.

By a vote of 32 to 18 the committee adopted a plank putting the party on record as not opposing reservations to the peace treaty which would make it clearer or more specific.

The essential part of the plank as adopted reads as follows:
"We favor ratification of the Versailles treaty without reservation that would impair its integrity, but we are not opposed to reservations that would make it clearer and more specific."

All of the carefully planned political strategy of weeks appeared to have been shattered by over-night developments at the Democratic national convention.

A combination of events, centering about the reaction from yesterday's nominating speeches and demonstrations, has resulted in complete realignment of forces preparatory to the balloting for the Democratic presidential nominee.

From a maze of unexpected happenings that transpired with bewildering rapidity throughout the night and far into the morning, it became evident William Gibbs McAdoo may poll the most votes on the first ballot. This was admitted by supporters of A. Mitchell Palmer, attorney general, who had led in choice strength previously. It was predicted McAdoo would poll between 300 and 350 and Palmer about 275 on the initial vote.

The situation has been accepted with delight by the Palmerites, who welcomed the unexpected possibility of having McAdoo set the pace. They predicted they would be able to "squeeze out" the former cabinet member within six ballots, the limit originally set by the McAdoo organization for his candidate's nomination.

McAdoo leaders who planned on holding back and developing their strength systematically, said their candidate's following had "run away" and that it practically would be impossible to keep the brakes on the bandwagon.

Some of the more optimistic predicted McAdoo's nomination within four ballots.

MAYSVILLE MAN LOSES SIGHT OF RIGHT EYE.

Relatives received word last night that Mr. Charles Rhomiller, well known local man, would probably be blind in his right eye. It will be remembered that some time ago a small particle of steel flew into his eye and caused him much pain. An examination by a specialist yesterday in Cincinnati disclosed the fact that the sight of the eye was practically gone. He will undergo an operation today, however, which might restore the sight partly.

KEEN INTEREST DISPLAYED BY YOUNGSTERS IN BIG HUNT

Five Season Chautauqua Tickets Will
Be Given Lucky Youngsters Who
Find Them Tomorrow Morning.

Great interest is displayed by the youngsters in the city in the announcement made by Mr. Barrett, of the Colt-Alber Bureau Wednesday, that five Junior season tickets would be given away Friday morning to the five kiddies who were lucky enough to find them hidden in Second street between Wall and Limestone streets.

These tickets will be in plain view and in prominent places along the street. Some of them may be the most conspicuous thing in show windows or they may be on telephone poles or under doors. There's no telling where they will be hid but they will not be so very hard to find and yet in other cities youngsters have worked until noon before they found all of the free tickets.

The committee in charge will hide the tickets sometime tonight or before daylight tomorrow and the early bird may catch the worm. It is expected that the business section will be filled early tomorrow morning with kiddies on trail of these free tickets.

Why so Particular?

asked a woman recently when we were examining her eyes.
"Because failure to be particular and careful may mean more eye-strain and more discomfort instead of the relief and easy vision that result from wearing the right glasses rightly made and fitted."
We have the latest instruments for doing careful, skillful, particular work and the disposition to do it.
